LCT RAILHEAD

Integrating sea with Inland transport

||| LONDON |||
CONTAINER TERMINAL

Providing fast rail links to major retailers

Dedicated railhead located within London Container Terminal providing efficient turnaround of trains with direct connection to the UK rail network.

- 24/7 operations available
- Direct connection to UK mainlines
- Benefit from Port of Tilbury supply chain network (Portcentric Logistics)
- Integrated within one of Europe's largest reefer ports
- Providing fast onward rail distribution to major retailers & distribution centre sites
- Open train operator access
- Expertise in handling out of gauge & specialist cargoes
- Capability to handle maritime & domestic rail traffic

Value Added Services

- Capability to handle flat rack, open top and tank containers
- Onward distribution available via road, sea and inland waterway
- Multi train operator access facility
- Terminal VGM provision service available with no impact upon handling times
- Quick and efficient loading of train via straddle carrier
- Inbound side loading train capability
- Dedicated rail workforce, plant and equipment
- Two additional railheads within the Port of Tilbury for handling bulk and cross docking products

Infrastructure & Facilities

- **Sea** – One of Europe's largest reefer ports with weekly connections to Northwest Europe, the Iberian Peninsula, Russia & Baltics, North Africa and western South America
- **Inland Waterways** – Access to Central London via River Thames
- **Road** - Able to service up to 70 hauliers per hour, in an average turnaround time of less than 30 minutes (fastest in the UK)
- Access available for domestic and intermodal container volume
- Internal road shunting services available to other areas of the port
- Advanced computerised systems offering full track and traceability

RAIL DETAILS

- 20 x 60 foot decks max (16 without a rearrangement)
- 460m of straddle accessible track, split into 4 workable areas each containing 4/5 wagons for a quick turn around
- Ability to shunt wagons within terminal
- Capability to handle 20, 30, 40 & 45ft containers

Transport links by rail

- > Daventry - 100 miles
- > Glasgow Coatbridge - 420 miles
- > Barry - 200 miles
